## Heating Instructions

**RETHERM:** Place portion control soup units on tray to fit Retherm unit. Peel back plastic film to 1cm before following Retherm manufacturer's heating instructions.

**MICROWAVE:** Peel back plastic film to 1cm from edge to allow steam to escape. Place soup in a microwave (1000W) and heat on full power for 1 minute. Stand 1 minute then stir before serving.

NOTE: All appliances vary in performance. The cooking instructions are a guideline only.
